Labor Survey Requested By Thomasville Furniture Industries To Be Conducted Friday-Saturday

Favorable Survey Is Imperative

The Virginia Employment Commission has been requested by Thomasville Industries, Incorporated, a leading producer of home furniture, to make a survey of people interested in employment in the Appomattox area.

Thomasville is planning construction of a major manufacturing facility here if there is a sufficient supply of capable labor in the area.

People who are at least 18 years old and who live within daily commuting distance of Appomattox may register at the Appomattox Intermediate School on U. S. Route 460, between 9:00 a.m. and 9:00 p.m. on Friday, August 11th, and between 9:00 a.m. and 5 p.m. on Saturday, August 12th, according to an announcement made by James A. Smith, President of the Appomattox County Development Corporation.

Clay E. Wells, Virginia Employment Commission labor market analyst, noted that both men and women skilled and unskilled will be needed. Training will be provided for those who need it.

Thomasville, an Equal Opportunity Employer, pays competitive wages and has a full range of employee benefits including paid holidays, vacations, retirement income (completely paid by the company), full insurance coverage, plus other attractive incentives. The new facility will be one of the most modern furniture manufacturing plants in the nation.

If you live within commuting distance of Appomattox be sure to register, this is not a formal work application and will take only about five minutes of your time. Any previous registration, whether with the VEC or other agencies, will not be valid for this survey. You must register at the Appomattox Intermediate School on one of the above dates to indicate your interest. Without the proper interest shown **NOW**, Thomasville will not be able to have a true picture of the labor that will be available. Please take a few minutes of your time Friday or Saturday to indicate your interest in employment in this industry. Please do not wait for the industry to be built and think it will be just as well to register or apply for employment then . . . without a favorable labor survey **NOW**, Thomasville Furniture Industries will not be able to proceed with their plans.

The Appomattox County Development Corporation is positive that there will be sufficient interest in this survey and wishes to again stress the importance of having a favorable labor survey on August 11th and August 12th.

Local volunteers helping with the survey on Friday will be Mrs. A. B. Norconk, Mrs. Louise Plunkett, Rebecca Jamerson, Elizabeth Reynolds, Mike Belter, Janet Hix, Jane Hix, John McCraw, Harriett Redding, Mrs. C. G. O'Brien and Mrs. Frances Murray from 9:00 a.m. until 1:00 p.m. From 1:00 p.m. until 5:00 p.m. the volunteers will be Mrs. Frank Carwile, J. L. Hedrick, Beck Hudson, Frances Paulette, Mrs. John L. Wilson, Mrs. V. L. Hudson, Mrs. C. G. O'Brien, Ruby Moses and Agnus Powell, and from 5:00 p.m. until 9:00 p.m. on Friday the volunteers will be Mrs. Charlie Hill, Mrs. Besty Carter, Mrs. Nancy Elder, Mrs. Edith Scruggs, Mrs. Nina Beasley, S. B. Waddell, V. O. Mims, J. N. Jennings and Jimmy Rogers. On Saturday morning from 9:00 a.m. until 1:00 p.m. the volunteers will be June Chenault, W. T. Coleman, T. E. Pittman, L. E. Thomas, Mrs. Lathan Harvey, Danny Simpson, R. E. Pankey, Ronnie Lewis, Joan Ranson and Mrs. C. C. Houchens. For Saturday afternoon from 1:00 p.m. until 5.00 p.m. volunteers are Robert A. Sears, Robert W. Carter, Robert Jamerson, W. M. McGrath, Tom Pankey, Clarence Smith, Charlie Williams, Mrs. Wallace Moore, Mrs. Marshall Stratton and Peggy Franklin.

In last week's issue of the **Times-Virginian**, J. A. Smith **asked for volunteers to help with the survey, working four hour shifts, and as you can see by the list of names above, the response was great.**

Initial employment at Thomasville Furniture Industries will begin at 200 to 250 persons, within a year or two after production begins the plant should be providing employment for 600 to 700 persons. Plan now for the future . . . come by the Appomattox Intermediate School on Friday or Saturday and register with the Virginia Employment Commission.

Second New Industry Needs 12-15 Workers

A second industry is in the process of relocating in Appomattox County.

Although a formal announcement will not be made for at least 10 days, they are interested in receiving applications for jobs.

Total employment will be 12 to 15 men. They will need two welders and the remainder may be unskilled workers, J. A. Smith, President of the Appomattox County Development Corporation announced today.

Persons interested should fill out an application form which may be picked up at the County Extension office. Interviews will be scheduled after August 14th.

Production is expected to commence by August 31st.

According to the Co-Chairmen, Mrs. Lucy Harvey and Mrs. Ruby Ferguson, 18 year-olds can now donate blood without parental consent.

Abbitt Says Nixon Can Restore Trust

VIRGINIA BEACH—Rep. Watkins M. Abbitt (D-Va.) said here Shturday night that the reelection of President Nixon "should pave the way for restoring public confidence in the U. S. Supreme Court but election of a liberal would shatter our hopes for a sound judicial policy."

The Fourth District congressman praised the President for his four appointments to the Supreme Court and asserted that "it is vital that the American people realize the significance of the judicial arm of our government and take pains to prevent further encroachments by some facets of the judiciary who have over-stepped their authority."

In a blistering denunciation of "judicial tyrants in some quarters," Abbitt told the Association of Commonwealth's Attorneys of Virginia that "judicial grasp for power has got to be stopped—or our public education will be ruined beyond repair, our moral standards will be lowered so that the fibre of our nation will be softened and crime will become the biggest business in our land."

He said Nixon deserves "an A-plus" on his appointees to the courts, but warned that the job of revamping the judicial system "is far from complete because we have come perilously close to losing our freedom through some of the appointments made in the past."

Abbitt said the present administration has made 219 federal court appointments, "which indicates the impact which one term can have."

Pointing out that most federal judges are appointed for life terms, he urged adoption of a constitutional amendment, which he first proposed in 1968, under which judges would be subject to reconfirmation by the Senate every 10 years and mandatory retirement at age 70.

"I believe this would be a most important provision for improving our judicial system and would give the nation at least some safeguards in the cases of those activist judges who cannot and will not exercise self-restraint," Abbitt declared.

Judicial policy, Abbitt said, is largely set by the Supreme Court "and for much too long the Warren Court was run by activists who were determined to foist upon the people of America their political philosophy."

The congressman asserted that President Nixon should be applauded by the law-abiding, God-fearing citizens of America

On Sunday morning, July 30th, at 7:00 a. m., the squad answered a call for a one-car accident on Route 460 in front of the Appomattox Garment Company.
